## SUMMARY

I'm an enthusiastic Software Developer living in Ghana, eager to contribute to team success through hard work and excellent organizational skills with an ability to learn very quickly on the job. Clear understanding of HTML, CSS and JavaScript and working experience in React and other web frameworks (next.js, svelte.js) and programming languages (java, c++) and tools. Motivated to learn, grow and excel in software development to be a motivation for kids in my community.

## WORK

Setup custom local domain for development environments

Using : React, Redux, Kibana and elasticSearch ,  
Java , Postgres , ERD, Confluence , Jmix (Spring  
boot)

### Intern, Junior Software developer

June 2020 - Dec 2020

Company : [Amatsii](#), Remote

Setting source code for web app,

creating and linking all environments

(development, staging, production),

setting-up continuous integration for deployment,

Setting up login for app with okta

Building and populating dashboard with data form  
API ,

Using : React, Redux ,Okta, Slack, Git, Jira, fetching  
from API ,Heroku, CI/CD

## SKILLS

**Technology** : JavaScript, HTML, CSS/SCSS,  
Adobe XD, React , Redux, Next.js, Svelte , C++ ,  
Java , Python, Postgres, TypeScript, Firebase,  
Arduino, Profesional at Googling

**Design practices:** Responsive web design,  
User-centered solutions and designs

**Tools:** Git, Github, VScode, Docker, IntelliJ, Jira

**Soft skills:** On-the-job learning,

Agile software development processes,

Desire to grow,

good technical communication and mentoring

## EDUCATION

### BSc Physics (Electronics specialization)

Aug 2018 - 2022

School : Kwame Nkrumah University of Science  
and Technology, Kumasi, Ghana

## LANGUAGES

– English

– Akan (Fante)

## INTERESTS

I enjoy philosophy (Ontology and Epistemology)  
and am happy to discuss such topics. I also  
enjoy building projects and absolutely love  
playing games and watching movies.
